Valve Box: 48SW4068, Structure DD (SE/NW/SW/NE Section 29, T21N, R102W 12/667740E/4625600N).

Structure DD is a valve box. The valve box is located on the top of a broad, flat, west to east trending ridge which serves as the south edge of Horse Thief Draw. The valve box is located approximately 7/8 mile northwest of Superior.

The valve box is a wood lined pit which is square in shape. The pit is 2 feet 9 inches north to south by 2 feet 9 inches east to west and 2 feet 10 inches deep to fill. The wood lining consists of vertically set milled lumber boards and quarter round secured by a frame of horizontal boards fastened to the interior surfaces of the box at its top. The valve box is partially filled with sediment covering the valve and pipe.
